DYNAMIC RISK APPOINTS THREE INDEPENDENT DIRECTORS TO ITS BOARD

July 4, 2018

THE PLANET'S ENERGY DELIVERED SAFELY

We know that's what you strive for every day

Calgary, Alberta, July 4, 2018 – Dynamic Risk announced the appointment of three independent directors to its Board.

Founder and Board Chair, Mr. Glenn Yuen is pleased to announce the appointment of three independent members to our Board of Directors. “Dynamic Risk has enjoyed many years of growth and success. The addition of external Directors to our Board will ensure that our organization continues to challenge our own thinking, strategy and vision for what’s possible.” “It’s a true privilege to have the opportunity to work with this group of high performing executives,” said Trevor MacFarlane, CEO, Dynamic Risk.

Eric Miller, LL.B., MBA, ICD.D has spent a significant portion of his career in executive roles as the Chief Legal Officer with two large Calgary based international companies, Nexen and Agrium. Mr. Miller has a broad legal and business background and enjoys creatively solving the challenges and capturing the opportunities of business. Eric is currently the COO at Pushor Mitchell LLP, is a Senior Advisor in private equity to Chrysalis Acquisition Fund where he also represents the fund on invested

company boards and an Executive Advisor to WorldPlay Communications Inc., and actively advises in the technology sector.

Kiren Singh, CFA, ICD.D has served in executive roles including Vice President Risk Management, Treasurer and Chief Financial Officer for publicly traded and privately held corporations over her 30-year global career. Ms. Singh's areas of focus include capital markets, risk management and corporate finance representing domestic and multi-national energy companies including Gibson Energy, Exxon Mobil and Mobil Corporation. Ms. Singh is a corporate director and currently serves on the Board of Agriculture Financial Services Corp. (Risk Committee) and Travel Alberta (Chair, Audit Committee). Ms. Singh is a Chartered Financial Analyst, holds a Masters of Business Administration and Bachelor of Commerce (University of Calgary) and the ICD.D Designation (University of Toronto).

Jason Randhawa, ICD.D is an experienced executive, entrepreneur and board director with a proven track record of innovation, performance, exceptional ethics and integrity. He has a unique and diverse experience ranging from small start-ups to Fortune 100 organizations across a wide range of industries. Technology and innovation have been a common thread throughout Mr. Randhawa's experience, as has corporate finance (from both private equity, banks and public markets) and exposure to and practice of good governance.

About Dynamic Risk

Dynamic Risk is the leading technology and services provider for asset integrity and risk management to the oil and gas industry. Dynamic Risk works with many of the highest performing operators across North America by applying its deep analytics and knowledge, through machine learning, data science and ambient intelligent solutions to improve pipeline reliability, lower operating costs and maximize asset potential.
